Granite Stock Pot 22cm

S E R E N K
S T Y L I S H K I T C H E N W A R E

SERENK STOCK POT: This non stick stock pot is made from a high-grade granite reinforced with special material PTFE to be more durable, more functional and technically superior. Therefore, Serenk pots and pans are safe, non-toxic, nonstick and long-lasting. This technology prevents sticking and provides a perfect surface. Creates a flavor layer, adds elegance in presentation and gives it easy-to-clean feature

PASTA POT: This canning pot is 8.66 in/22 cm and has a capacity of 85 oz/2.5 l so that will work well for every type of cooking. It is the most appropriate kitchenware for cooking. It has a very useful size to use as, pasta pot, sauce pot and soup pot. Ideal for christmas dinner for a crowd, whole chicken, boiling water for pasta, shrimp, potatoes at once.

The sturdy steel handles get warm but not exactly hot for a good grip. The glass lid fits tightly and is great for keeping an eye on foods

COOKING POT WITH EXTRA THICK BOTTOM: This canning pot has extra strong, encapsulated thermal base as 4 mm thickness for good heat distribution and heat retention. Once hot, food stays hot when stove is on low. Does not require a high heat setting in order to cook and responds quickly to temperature changes. The heat goes all the way up the sides. It takes much less heat and much less time to make a delicious meal and that is cooked perfect. Preserves vitamins, minerals and aroma.

EASY TO CLEAN: Dishwasher safe soup pot. Additionally, the sides of this cooking pot have wide curves at the bottom so it makes it easy to stir food and specially to clean the pot after usage. No sharp angles at the bottom because the pot curves gently into the bottom, making getting every last bit of sauce or whatever (and making clean up) a breeze! No corners for food to get stuck in.

STOCK POT: The canning pot has a perfectly flat bottom which is important for all types of stove top. It is suitable for most types of stove. Compatible with gas, electric, glass, ceramic, halogen. Oven safe up to 250 degree however glass lid should not go in the oven. Comes with instructions which is very helpful.

Granite Saute Pan 26cm

S E R E N K
S T Y L I S H K I T C H E N W A R E

SERENK SAUTE PAN: Serenk saute pot is made from a high-grade granite reinforced with special material PTFE to be more durable, more functional and technically superior. Therefore, Serenk pots and pans are safe, non-toxic, nonstick and long-lasting. This technology prevents sticking and provides a perfect surface. Creates a flavor layer, adds elegance in presentation and gives it easy-to-clean feature

STOCK POT: This cooking pot is 2.64 qt, 10 in/26 cm and 118 oz/3.5 lt to work well for every multipurpose cooking. The ideal depth and sidewall make it perfect for cooking just about anything and to use daily. Steel handles get warm but not exactly hot for a good grip. They make it easy to store, to move the pan on the stove and wash in the sink. Has a perfect flat bottom so it won't move around on your stove and

the oil doesn't pool. The lid fits tightly that makes it perfect for steaming rice

COOKING PAN WITH EXTRA THICK BOTTOM: This non stick fry fan has extra strong, encapsulated thermal base as 4.5 mm thickness for good heat distribution and heat retention. Once hot, food stays hot when stove is on low. Does not require a high heat setting in order to cook and and responds quickly to temperature changes. The heat goes all the way up the sides. It takes much less heat and much less time to make a delicious meal and that is cooked perfect. Preserves vitamins, minerals and aroma.

EASY TO CLEAN: Dishwasher safe. Has excellent surface. Even the most stubborn ingredients like thinly sliced

mushrooms or diced onions slid right off without leaving any residue. Additionally, the sides of this frying pan have wide curves at the bottom so it makes it easy to stir food and specially to clean the pot after usage. The pan curves gently into the bottom, making getting every last bit of sauce or whatever (and making clean up) a breeze! No corners for food to get stuck in.

ALWAYS PAN: The saute pan has a perfectly flat bottom which is important for all types of stove. Compatible with gas, electric, glass, ceramic, halogen. Oven safe up to 250 degrees, glass lid should not go in the oven. Comes with instructions which is very helpful.

Granite Egg Pan with Glass Lid 22 cm

S E R E N K
S T Y L I S H K I T C H E N W A R E

SERENK NONSTICK PAN: Serenk frying pan is made from a high-grade granite reinforced with special material PTFE to be more durable, more functional and technically superior. Therefore, Serenk pots and pans are safe, non-toxic, nonstick and long-lasting. This technology prevents sticking and provides a perfect surface. Creates a flavor layer, adds elegance in presentation and gives it easy-to-clean feature.

SHALLOW CASSEROLE PAN: It is 1 qt/9 in/22 cm for making one dish. You can fry an egg in it, roast a chicken, or sauté veggies or fish. Great for stir fries and other casserole dishes. The steel handles get warm but not exactly hot for a good grip. Has a flat bottom so it won't move around on your stove and the oil doesn't pool. You would love to see an additional grip to help with emptying the contents. The small

handles make it easy to store, to move the pan on the stove and wash in the sink.

EGG PAN WITH EXTRA THICK BOTTOM: This non stick skillet pan has extra strong, encapsulated thermal base as 4 mm thickness for good heat distribution and heat retention. Once hot, food stays hot when stove is on low. Does not require a high heat setting in order to cook and responds quickly to temperature changes. The heat goes all the way up the sides. It takes much less heat and much less time to make a delicious meal and that is cooked perfect.

NON STICK FRY PAN: Dishwasher safe and nonstick surface is excellent. Even the most stubborn ingredients like thinly sliced mushrooms, grated garlic etc slid right off

without leaving any residue. The sides of this egg pan have wide curves so it makes easy to stir food and to clean the pot after usage. No sharp angles at the bottom because the pan curves gently into the bottom, making getting every last bit of sauce or whatever (and making clean up) a breeze! No corners for food to get stuck in.

ALWAYS PAN: The frying pan has a perfectly flat bottom which is important for all types of stove. Oven safe up to 250 degrees. Compatible with gas, electric, glass, ceramic, halogen. Omlette maker skillet comes with instructions which is very helpful.

SERENK WOK PAN: This wok pan is made from a high-grade granite reinforced with special material PTFE to be more durable, more functional and technically superior. Therefore, Serenk pots and pans are safe, non-toxic, nonstick and long-lasting. This technology prevents sticking and provides a perfect surface. Creates a flavor layer, adds elegance in presentation and gives it easy-to-clean feature

COOKING POT: The generous 3.90 qt/28 cm /11 inch wok pan allows you to cook several portions at once. This nonstick frying pan is durable, but still easy enough to transport. The lightness of it has been an advantage when sometimes you have to pick up the pan with one hand. The sturdy steel handles get warm but not exactly hot for a good grip. It is

very secure to rotate the pan for pouring. Has a perfectly flat bottom so it won't move around on your stove and the oil doesn't pool

NONSTICK PAN: Dishwasher safe nonstick stir fry pan. Nonstick surface is excellent. Even the most stubborn ingredients like thinly sliced mushrooms, diced onions, and grated garlic slid right off without leaving any residue or burn marks. This feature, in addition to its lightweight composition, is just the boost a home cook needs to stir, flip, and steam with confidence

COOKING PAN WITH EXTRA THICK BOTTOM: This cooking pan has extra strong, encapsulated thermal base as 4 mm thickness for good heat distribution and heat retention. Once hot, food stays hot when stove is on low. Does not require a high heat setting in order to cook and responds quickly to temperature changes. The heat goes all the way up the sides. It takes much less heat and much less time to make a delicious meal and that is cooked perfect

WOKS & STIR-FRY PANS: The non stick fry pan has a perfectly flat bottom which is important for all types of stove top. It is suitable for most types of stove. Compatible with gas, electric, glass, ceramic, halogen. Comes with instructions which is very helpful.

STAINLESS
STEEL SERIES

Stainless Steel 7 Pieces Cookware Set

S E R E N K
S T Y L I S H K I T C H E N W A R E

Serenk cookware set is made from 18/10 stainless-steel which exceedingly resistant to scratches, staining and will maintain its beauty and performance for a lifetime. It offers durability required by professional kitchens. Tight-fitting stainless-steel lids seal in true nutrients and moisture for tender, succulent dishes. Heat resistant wood effect bakelite handles designed with a safe connection which will keep the handles tight for all time

7 PIECE COOKWARE SET INCLUDES: 7 piece cookware set includes 8 in 2qt stock pot with lid, 9 in 3.5 qt cooking pot with lid, 10 in 6 qt frying pan, 6 in 4 qt sauce pan with

lid. Please note: lids are counted as individual pieces. The stainless-steel interiors are well suited to a range of cooking techniques while the brushed stainless exteriors clean up quickly and easily

CAPSULE BOTTOM POT SET: Serenk cookware sets have a flat cooking surface for efficient searing and sautéing. Extremely heat-responsive thermo capsul bottom technology ensures efficient, uniform heating with precise temperature control and no hot spots. It transfers heat and spreads it quickly, evenly, and precisely throughout the cookware, all the way to the rim.

INDUCTION COOKWARE: Serenk pot and pans are ideal for use on any cooktop, including induction

USE&CARE: This pots and pans set is dishwasher safe. Avoid using steel wool, steel scouring pads or harsh detergents. Stubborn food residue and stains can be removed with a nylon scrubbing pad and baking soda.

Stainless Steel 6 Pieces Egg Pan Set

S E R E N K
S T Y L I S H K I T C H E N W A R E

Serenk egg pan is made from 18/10 stainless-steel which exceedingly resistant to scratches, staining and will maintain its beauty and performance for a lifetime. It offers durability required by professional kitchens. Tempered glass lids lock in true flavor, texture and nutrients for tender, succulent dishes while the body-extension steel handles offer a safe and secure hold.

DIMENSIONS: 6 piece pan set includes 5", 6" and 7" omelette

pan with tight-fitting glass lids. Please note: lids are counted as individual pieces.

CAPSULE BOTTOM PAN SET: This always pan has a flat cooking surface for efficient searing and sautéing. Extremely heat-responsive thermo capsul bottom technology ensures efficient, uniform heating with precise temperature control and no hot spots. It transfers heat and spreads it quickly and evenly, throughout the cookware, all the way to the rim

INDUCTION COOKWARE: Ideal for use on any cooktop, including induction.

USE&CARE: Serenk post and pans are dishwasher safe. Allow frying pan to cool before washing. Avoid using steel wool, steel scouring pads or harsh detergents. Stubborn food residue and stains can be removed with a nylon scrubbing pad and a fine-powdered cleanser.

6 L Pressure Cooker

S E R E N K
S T Y L I S H K I T C H E N W A R E

Serenk pressure cooker is constructed of 18/10 stainless steel which exceedingly resistant to scratches, staining and will maintain its beauty and performance for a lifetime. It offers durability required by professional kitchens. Capacity: 6 qt, dimensions: 14x9x6 in.

EASY TO USE: This design is user-friendly. The seal is very sturdy, the correct positions are marked and the lid is easy to lock firmly onto the base. The pressure valve is also clearly marked and very easy to set. Non-slip, heat resistant and

comfortable handles stay cool and ensure a good grip. It is designed with a safe connection which will keep the handles tight for all time.

SAFETY: Built-in safety features include overheat protection, safety lid lock and quick release button for worry-free cooking. Read instructions before cooking.

SUPER CAPSULE BOTTOM: The bottom of the pressure cooker features an extra thick super capsule base. The design

allows for the quickest heat-up time, maximum temperature control and rapid, even heat distribution. This pressure canner has 3 temperature settings to allow for greater control over the amount of pressure you cook with. It is suitable for any type of stoves including induction.

USE&CARE: Stainless-steel cooking bowl is dishwasher safe. Hand-wash lid; dry thoroughly.

Stainless Steel Tea Pot Set

S E R E N K
S T Y L I S H K I T C H E N W A R E

Serenk tea pot and tea kettle set is made of heavy-duty 18/10 stainless-steel construction which exceedingly resistant to scratches, staining and will maintain its beauty and performance for a lifetime. Elegant polished exterior design looks striking on any stovetop.

DIMENSIONS: Tea pot: 1.3 qt, tea kettle: 2 qt. height: 11" high with lid.

THERMO CAPSULE BASE: This tea kettle for stove top is designed with a generous thermos capsule bottom to have a high thermal conductivity to ensure rapid heating and give a longer lifespan. Our self-sealing lid also offers a 100% seal to increase the efficiency of boiling.

STYLISH AND COMFORTABLE BAKELITE HANDLES: Non-slip, heat resistant and comfortable wood effect bakelite

handles stay cool and ensure a good grip. It is designed with a safe connection which will keep the handle tight for all time.

USE&CARE: Do not heat while kettle is empty or allow it to boil dry. Dishwasher safe. Avoid using harsh detergents, abrasive cleansers, steel wool or steel scouring pads. Wipe with a damp cloth, then buff with a soft, dry cloth to polish the surface.

Stainless Steel Tea Pot Set Black

S E R E N K
S T Y L I S H K I T C H E N W A R E

PASTA POT WITH EXTRA THICK BOTTOM: This induction cooktop has extra strong, encapsulated thermal base as 4.5 mm thickness for good heat distribution and heat retention. Once hot, food stays hot when stove is on low. Distributes the heat very well, and does not require a high heat setting in order to cook. The heat goes all the way up the sides. It takes much less heat and much less time to make a delicious meal and that is cooked perfect. Preserves vitamins, minerals and aroma

EASY TO CLEAN: Dishwasher safe cooking pot. Additionally, the sides of this soup pot have wide

curves at the bottom so it makes it easy to stir food and specially to clean the pot after usage. No sharp angles at the bottom because the pot curves gently into the bottom, making getting every last bit of sauce or whatever (and making clean up) a breeze! No corners for food to get stuck in

INDUCTION COOKWARE: The stock pot has a perfectly flat bottom which is important for all types of stove and induction cooktop. Compatible with gas, electric, glass, ceramic, halogen and induction. Comes with instructions which is very helpful

Stainless Steel Frying Pan 24cm

S E R E N K
S T Y L I S H K I T C H E N W A R E

SERENK FRYING PAN: This stainless steel pan is made from highest quality 100% stainless steel to be more durable, more functional and technically superior. Therefore, Serenk pots and pans are safe, non-toxic and long-lasting. This technology protects your product against corrosion and highly mirror polished surface. It keeps high scratch resistance and creates a flavor layer. It protects against external factors, adds elegance in presentation and gives it easy-to-clean feature

DEEP FRYING PAN: 1 qt, 9.45 in/24 cm, 50 oz/1.5 lt. This frying pan is lightweight and comfortable to hold. The lightness is an advantage when sometimes you have to pick up the pan with one hand. It has an ideal depth and sidewall for searing and cooking. The steel handles get warm but not exactly hot, very adequate for a good grip. The silver surface lets you see exactly how brown the onions, shallots, garlic, etc. Has a perfectly flat bottom so the oil doesn't pool. Safe for metal utensils

FRY PAN WITH EXTRA THICK BOTTOM: This induction cooktop has extra strong, encapsulated thermal base as 4.5 mm thickness for good heat distribution and heat retention. Once hot, food stays hot when stove is on low. Distributes the heat very well, and does not require a high heat setting in order to cook. The heat goes all the way up the sides. It takes much less heat and much less time to make a delicious meal and that is cooked perfect

EASY TO CLEAN: Dishwasher safe deep frying pan. Additionally, the sides of this induction cookware have wide curves at the bottom so it makes it easy to

stir food and specially to clean the pot after usage. No sharp angles at the bottom because this fry pan curves gently into the bottom, making getting every last bit of sauce or whatever (and making clean up) a breeze! No corners for food to get stuck in

INDUCTION COOKWARE: The frying pan has a perfectly flat bottom which is important for all types of stove and induction cooktop. Compatible with gas, electric, glass, ceramic, halogen and induction. Comes with instructions which is very helpful

Stainless Steel 5 Pieces Cookware Set

S E R E N K
S T Y L I S H K I T C H E N W A R E

5 pieces Serenk Modernist pots and pan set is made of 18/10 stainless steel entirely; in addition to being resistant to scratches and staining, it is healthy, long-lasting and durable.

STYLISH COOKWARE SET: The set includes 9.4 inch deep pot with lid (6.4 qt/6.1 L), 10 inch flat pot with lid (3 qt/3 L) and 10 inch pan (3 qt/3 L). The stainless polished outer surface has a smooth appearance with mirror shine, which adds elegance to kitchens.

CAPSULE BOTTOM: These pots and frying pan have a triplex heavy bounded capsule bottom for optimal heat distribution and heat retention. They are extremely heat-responsive and able to transfer heat quickly and evenly at full length. Via induction base feature, pots and pan can be used on all types of stoves.

PRESERVE VITAMINS, MINERALS & FLAVOR: The concave glass lid fits perfectly and does not allow steam to exit. By less water, foods can be cooked in their own juices, which means healthier meals with more taste.

EASY TO CLEAN: This cookware set is dishwasher safe and easy to clean. Avoid using steel wool, steel scouring pads, or harsh detergents. Stubborn food residue and stains can be removed with a nylon scouring pad and a fine-powdered cleanser. Before first use, wash the entire surface of the product thoroughly with warm liquid detergent water, dry and then spread a full teaspoon oil on internal surface. Made in Türkiye

9 Pieces Stainless Steel Mixing & Storage Bowl Set with Grater

S E R E N K
S T Y L I S H K I T C H E N W A R E

DURABLE STAINLESS STEEL: Serenk mixing bowls made entirely from ultra-durable, high-quality 18/10 stainless steel which exceedingly resistant to scratches, staining and will maintain its performance for a lifetime. Besides being durable, stainless steel is healthy, does not contain any toxic material, and is suitable for contact with food.

ALL INCLUSIVE: Serenk bowl set contains 3 different sizes 1.42 quart, 2.85 quart, 4.86 quart providing versatility in

their usage. They come with flat, tight-fitting plastic lids and 2 grater attachments.

POLISHED DESIGN: They feature a mirror finish inside and outside, which are attractive as well as functional. Polished finish adds a touch of elegance to any kitchen.

USEFUL ADD-ON: Each bowl has a corresponding tight lid and all elements nest or snap-together for space-saving

storage in the kitchen. Besides, the plastic lid of the largest bowl has a removable centre. In here, one of 2 graters can be placed in case you need to grate cheese, carrots, potatoes, cucumbers, purple cabbage, chocolate, etc.

DISHWASHER SAFE: Serenk bowl set can be cleaned easily by hand with water and soap or in the dishwasher. Not safe for freezer and microwave use.

5 L Pressure Cooker

S E R E N K
S T Y L I S H K I T C H E N W A R E

Serenk pressure cooker is constructed of 18/10 stainless steel which exceedingly resistant to scratches, staining and will maintain its performance for a lifetime. Besides being durable, stainless steel is healthy, does not contain any toxic material, and is suitable for contact with food.

EASY TO USE: The seal is very sturdy, the correct positions are marked, and the lid is easy to lock firmly onto the base. The pressure valve is also clearly marked and very easy to set. Non-slip, heat resistant handles ensure a good grip. It

has a safe connection which will keep the handles tight for all time. Capacity: 5 qt, depth: 5.5 inch, height with lid: 6.6 inch, width with handles: 17.7 inch

SAFETY: Built-in safety features include overheat protection, safety lid lock and quick release button for worry-free cooking. Read instructions before cooking.

SUPER CAPSULE BOTTOM: The bottom features an extra thick capsule base. It allows for the quickest heat-up time, max.

temperature control and rapid, even heat distribution. This pressure cooker has 3 temperature settings to allow for greater control over the amount of pressure you cook with. It is suitable for induction use.

USE&CARE: This mirror-shine cookware is dishwasher-safe. Please wash the lid by hand and dry thoroughly.

Stainless Steel TeaPot Set

S E R E N K
S T Y L I S H K I T C H E N W A R E

Serenk tea pot and tea kettle set is made of heavy-duty 18/10 stainless-steel construction which exceedingly resistant to scratches, staining and will maintain its performance for a lifetime. Besides being durable, stainless steel is healthy, does not contain any toxic material, and is suitable for contact with food.

DIMENSIONS: Tea pot: 1 L, Tea kettle: 1.5 L.

INDUCTION BASE: This tea kettle for stove top has a generous bottom to have a high thermal conductivity to ensure rapid heating and give a longer lifespan. Our self-sealing lid also offers a 100% seal to increase the efficiency of boiling.

BAKALITE HANDLES: Non-slip, heat resistant and comfortable bakelite handles stay cool and ensure a good

grip. It is designed with a safe connection which will keep the handle tight for all time.

USE&CARE: Do not heat while kettle is empty or allow it to boil dry. Handwash recommended. Avoid using harsh detergents, abrasive cleansers, steel wool or steel scouring pads. Wipe with a damp cloth, then buff with a soft, dry cloth to polish the surface.

HEALTHY: The non-stick coating does not contain PFOA; it is safe for both you and your children's health. Not suitable for induction hob.

OPTIMAL HEAT DISTRIBUTION: Round baking pan's aluminum die-cast body conducts heat quickly and evenly. It saves time and energy by cooking in minutes. Made in Türkiye.

A rustic wooden surface is covered with numerous wooden spoons of various sizes, each filled with a different type of spice or herb. The spices include finely ground green herbs, bright red dried chili peppers, a light brown powder, a dark green herb, white crystalline salt, dark blueberries, green cardamom pods, yellow turmeric powder, orange paprika, small dark seeds, a mix of red and yellow flakes, white mustard seeds, and a single star anise. Some whole cinnamon sticks and a nutmeg are also visible. The word "Thanks!" is written in a white serif font across the center of the image.

Thanks!
